Commissioner for Patents

Claim 47 is objected to because according to MPEP 608.01, antecedent basis for the terms appearing in the claims, while an applicant is not limited to the nomenclature used in the application as filed, he or she should make appropriate amendment of the specification whenever this nomenclature is departed from by amendment of the claims so as to have clear support or antecedent basis in the specification for the new terms appearing in the claims. Applicant will be required to make appropriate amendment to the description to provide clear support or antecedent basis for the terms appearing in the claims provided no new matter is introduced. "computer-readable medium" or "computer readable memory" is lacking clear support or antecedent basis in the description of the specification. Please also see 37 CFR 1.75 (d)(1).

The term "computer-readable medium" or "computer-readable memory" needs to appear within applicant's specification in order to have clear support to the claim limitations.

Applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE. A shortened statutory period for reply to this Election/Restrictions action is set to expire ONE MONTH from the mailing date of this action
